Cheese, Mozzarella, Shredded, USDA	4 pounds + 11 ounces
Sauce, Spaghetti, No Meat, #2824	1 quart + 2 1/4 cups

**DIRECTIONS**

- Line the sheet pans with parchment paper.
- Lay 8 pizza crusts on each pan. Allow the crusts to thaw 10-15 minutes.
- Use a #12 scoop to portion 1½ ounces of mozzarella cheese on half of the crust and spread it around. Do not spread the cheese all the way to the edges of the crust.
- Use a 1 ounce ladle to spoon the sauce over cheese.
- Top each calzone with 7 slices of pepperoni.
- Fold the empty half of dough on top of the filled half of dough. Press the edges together with a fork, a pastry crimper, or your fingers to form a seal all the way around the open edge.
- Make a 2-inch slit on the top with a sharp knife. This will allow steam to escape. Spray with butter food release spray.
- Bake at 425 degrees F in oven for 6 -9 minutes, or until the crust is golden brown.

CCP: Heat to 165 degrees F or higher for 15 seconds at the completion of the cooking process. If the manufacturer instructions on the package or case have a higher temperature, follow those recommendations.

- Portion 1 calzone per serving. Each serving equals 2 oz. eq. meat/meat alternative, 2 oz. eq. whole grain and 1/8 cup serving of red/orange vegetable.

CCP: Hold and maintain product at a minimum temperature of 135 degrees F or higher. Check temperature every 30 minutes. Leftovers should be covered, labeled, and dated. Quick chill within 2 hours to 70 degrees F or lower and from 70 to 41 degrees F or lower within an additional 4 hours.
