DIRECTIONS
1. BBQ BEEF:
   - Brown the ground beef then drain it. Press the draining beef to remove excess fat. After draining the ground beef, continue cooking it.
   - Stir the beef base into boiling water. Continue to stir until all of the beef base dissolves. Use immediately so that it does not separate again.
   - Combine the beef, onions, celery, garlic powder, catchup, tomato paste, vinegar, brown sugar, dry mustard powder, white pepper, cayenne pepper, and the stock.
   - Bring the mixture to a boil.
   - Reduce the heat and simmer it, uncovered, for 10 - 15 minutes, stirring frequently.

CCP: Heat to 155 degrees F or higher for 15 seconds at the completion of the cooking process.
DIRECTIONS

2. SANDWICH ASSEMBLY
   - Place 24 bottom portions of hamburger bun on sheet pans, 4 down and 6 across.
   - Portion ½ cup (#8 scoop or 4 ounce spoodle) of BBQ beef onto the bottom half of bun.
   - Cover with the top portion of the bun.
   - Sandwiches may also be wrapped in deli paper, waxed paper, foil sheets, plastic wrap or placed in sandwich bags.
   - Place each sandwich in steamtable pans (12" x 20" x 2½") lined with pan liners.
   - Prepare in batches to maintain quality.

   Serve immediately, or cover the pan with lid, foil or plastic wrap. If foil or plastic wrap is used, cut holes in it to allow steam to escape. Place the pan in warmer until ready for service.

   CCP: Hold and maintain the product at a minimum temperature of 135 degrees F until ready for service

3. Portion one bun with BBQ beef per serving. Each portion provides 2 oz. eq. meat/meat alternate and 2 oz. eq. whole grains.

   CCP: Hold and maintain the product at a minimum temperature of 135 degrees F or higher. Check temperature every 30 minutes. Unassembled leftovers should be covered, labeled, and dated. For best quality, assembled sandwiches should be discarded. Quick chill within 2 hours to 70 degrees F or lower and from 70 to 41 degrees F or lower within an additional 4 hours.
