## DIRECTIONS

- If the beef is frozen, thaw it in the refrigerator.  
CCP: Hold under refrigeration (41 degrees F. or lower) until ready for assembly.
- Brown the ground meat and then drain it. Press the draining beef to remove excess fat. After draining the ground beef, continue to cook it.
- Add the onions and sauté for 2 minutes, or until onions are tender.
- Add the Southwest Spice Blend, ground cumin seed, garlic powder, salt, and tomato paste to the browned meat. Blend the mixture well and bring the mixture to a simmer. Add the water and lemon juice. Simmer the mixture for 25-30 minutes, until the mixture turns dark red and the desired temperature is reached.  
CCP: Heat to 155 degrees F or higher for 17 seconds at the completion of the cooking process. If the manufacturer instructions on the package or case have a higher temperature, follow those recommendations.
- If the lettuce greens are not prewashed, separate the lettuce leaves. Rinse the produce until cool, running water. Drain the produce thoroughly.
