- Dice the apples into ½-inch pieces. If needed, use lemon juice, a mix of lemon juice and pineapple juice or other product to keep apple slices from turning brown.
- Peel the melons and cut them into bite size pieces.
- Slice each kiwifruit into six slices.
- Starting at the more narrow end of each strawberry, cut vertically towards the stem until you are about ¼-inch from the stem. Gently press the stem to make the strawberry slices fan out from the base.
