2. To prepare the rice:
 - Spray steamtable pans with pan release spray.
 - Place 3 pounds + 10 ounces of brown rice in each 12" x 20" x 4" steamtable pan and add 2½ quarts of hot water to each pan.
 - Add 2 teaspoons of salt to each pan and mix.
 - Steam for approximately 45 minutes or until the rice is tender and fluffy. Check at 30 minutes of cooking time for the amount of water absorption. If needed, add more water.
 - Cover, and place in warmer until ready to serve.

Rice amounts are based on USDA Food Buying Guide. Overcooking or hot holding rice for long periods of time will increase the volume and the yield.

CCP: Hold and maintain product at a minimum temperature of 135 degrees F. Check temperature every 30 minutes.

3. Brown the ground meat and then drain it. Press the draining beef to remove excess fat. After draining the ground beef, continue cooking it.
4. Sprinkle the flour over the beef and stir the mixture.
5. Add the onions, garlic powder, parsley flakes, and pepper. Stir the mixture to combine. Cook over low heat for approximately 5 minutes, or until the onions are soft.
