## DIRECTIONS

### 3. COOKING METHODS-FRANKFURTER:

To steam:

- Place the thawed frankfurters in perforated steamtable pans.
- Steam them for 2-4 minutes. (If using solid steamtable pans, additional cooking time may be required.)
- Batch cook the frankfurters to maintain quality.

To boil:

- Bring 1 gallon of water to a boil.
- Place 50 frankfurters in boiling water.
- Reduce heat to simmer. Simmer for 10 minutes.

Cook in batches of 50.

CCP: Heat to 135 degrees F or higher for at least 15 seconds at the completion of the cooking process. If manufacturer instructions on the package or case have a higher temperature, follow those recommendations.

### 4. SANDWICH ASSEMBLY:

To assemble from the serving line:

- Stand the hot dog buns in half-size steamtable pans (12" x 10" x 4").
- Place the heated frankfurters in half-size steamtable pans (12" x 10" x 4").
- Place one frankfurter in each hot dog bun.
- Portion ¼ cup the Chili with a 2 ounce ladle over each frankfurter.
- For best quality, serve the Chili Dogs immediately. Otherwise cover the pan with lid, foil, or plastic wrap until ready for service. If foil or plastic wrap is used, cut holes in it to allow steam to escape. Place the pan in warmer until ready for service.

To serve the chili dogs already assembled:

- Open the hot dog buns and place cooked frankfurters in buns.
- Place one frankfurter in each hot dog bun.
- Portion ¼ cup Chili with a 2 ounce ladle over each frankfurter.

Chili dogs may be wrapped in wax paper, deli wrap, or aluminum foil sheet.

For the best quality, serve the chili dogs immediately.

CCP: Cover and hold for service at 135 degrees F or higher.

### 5. Portion ¼ cup of chili and one hot dog per serving. Each portion provides 2½ oz. eq. meat/meat alternate and 2 oz. eq. whole grains.

CCP: Hold and maintain the product at a minimum temperature of 135 degrees F or higher. Check temperature every 30 minutes. Unassembled leftovers should be covered, labeled, and dated. Quick chill within 2 hours to 70 degrees F or lower and from 70 to 41 degrees F or lower within an additional 4 hours. Leftover assembled sandwiches do not have good quality when reheated. For best quality, assembled sandwiches should be discarded.
