DIRECTIONS

1. Defrost the chicken in the refrigerator overnight.
2. Bring chicken broth to a boil.
3. Slowly add the onions, celery, green peppers, and egg noodles to the chicken broth. Then reduce the heat, and simmer 3 to 5 minutes - the pasta will NOT be al dente. Pasta prepared for casseroles is undercooked and will continue to cook to al dente during baking.
Pasta may also be cooked in a steamer or combi oven. Different steamers and combi ovens vary in time and settings, so check with the manufacturer for correct instructions.

Pasta amount is based on USDA Food Buying Guide. Overcooking or hot holding pasta for long periods of time will increase the volume and the yield.

4. Drain the noodle mixture well.
5. Mix the chicken, soups, 1 pound + 12 ounces of American cheese, black pepper, and pimento with the drained noodles.
6. Pour the mixture into steamtable pans (12" x 20" x 4"). For 100 servings, use 2 steamtable pans.
7. To bake:
Conventional oven: 350 degrees F, approximately 25 - 35 minutes.
Convection oven: 350 degrees F, approximately 25 minutes.

CCP: Heat to 165 degrees F or higher for 15 seconds at the completion of the cooking process.
